Available Upon Request

#### **PROFILE**

Ambitious and detail-driven Full Stack
Developer with expertise in crafting
responsive web experiences. Proficient
in frontend technologies (HTML, SASS,
CSS, JavaScript, and Material UI) and
backend technologies (Python, Django,
and databases). Adept at transforming
design concepts into functional
elements. Proven track record in project
development and technical
collaboration. Eager to leverage skills to
drive innovation and contribute positively
to technology-focused communities.

#### WORK EXPERIENCE
